Inner WaterGuide for a longer life

**Twistfree** to prevent hose from twisting Tempesta  
Cosmopolitan 200mm overhead shower

Suitable for instantaneous Heater

Min recommended pressure 100Kpa

Dual Check valves included for Backflow prevention

## Installation instructions

## Installation Instructions

This shower is suitable for use with high pressure water applications. Using this product in conjunction with gravity-fed water heaters, low and unequal pressure supply systems, tempering valves & thermostatic mixing valves may result in unsatisfactory performance.

### Suitable for High Pressure applications 150kPa – 500kPa

Care must be taken by the installing tradesperson to ensure connecting threads do not damage the flow controller when installing this product.

The installation tradesperson must ensure they install this product in accordance with AS/NZS 3500 and all other relating AS/NZS regulations that apply to the installation of this product.

### Maximum static pressure of 500kPa.

For applications where 500kPa static pressure is exceeded, a suitably certified pressure limiting valve must be installed to prevent high pressure damaging this product.

### Care

For directions on the care of this fitting, please refer to the accompanying care instructions.
