Applications

- concealed for flushing system products

Use as:

- Shower toilet

Installation

This product must be installed in conformance with local codes e.g. AS/NZS 3500 series of standard!

Safety notes

- Installation is only possible in frost-free rooms.
- The allowed mounting height of the wall-mounting box and the distance to the next water connection has to be dimensioned according to national regulations.
- The strain relief for the supply cable has to be ensured on site.

Electrical installation

Electrical installation work must only be performed by a qualified electrician. This work must be carried out in accordance with the regulations to IEC 60364-7-701 (corresponding to VDE 0100 Part 701) as well as all national and local regulations.

When the power supply (visible/unvisible) is installed the dimension of the shower toilet **must** be observed.
